Hail Brethrens and Sisthrens,

Greetings in the name of H.I.M. Emperor Haile Selassie I. One god. You are kindly requested to attend an urgent meeting at the I.E.W.F. Inc. H.Q. 29 Oxford St. Kgn. Official word has come to the I.E.W.F. Inc. from the International President Bro. Ascento Foxe. to the effect that the Crown Prince of Ethiopia Prince Zara Yacob H.S. will be visiting Ethiopians and the Rastafarian Community in Jamaica in January of the new year I990. We seek at this meeting to determine the role the Rasta groups in co-ordination with the I.E.W.F. Inc. in this most historic visit. and also to establish the machinery of the General Council of the I.E.W.F. Inc. the legal and legitimate representatives of the Ethiopian Crown Council and the Rastafarian Movement in Jamaica, which all Rasta groups should be attached to.

It is also important that we realise where we are coming from since I924 as the prophesies say "JAH rise us from the Dunghill and set us as Princes (Rasses) amongst the people". The events of the past fifteen (I5) years (I974 - I989) does not need to be elaborated on. But we believe the concerns of Dynastical Ethiopia should be the concerns of allEthiopians and Rastafarians as the spearhead should acknowledge it.

Now I989 the pressure from within Ethiopia and Free World Democratic Governments has secured the release of most of the Royal Family. And the forces of the Communist Dergue dictatorship who are losing most of the battles with loyalist guerrillas are on the retreat in all areas of Ethiopia and now it is up to the final push to topple the Dergue headed by Mengistu.

We Rastafarians now more than ever should align and identify ourselves with the Crown Council Movement of H.I.M. Haile Selassie I. beloved son the former Crown Prince Asfa Wossen H.S. now crowned King Amha Selassie of Ethiopia the Legitimate Custodian of Solomon and Queen of Sheba Dynasty in Ethiopia, and all aspect of their struggle. The King as Crown Prince called for a "Unity in Diversity"

Brethrens and Sisthrens 26th. October 1989.

from the Rastafarian Movement at large under the renewed Royal Charter given through the I.E.W.F. Inc. for a free Ethiopia, it would be a betrayal if we just talk and not defend word with works. Let us act because we are Rastafarians who see ourselves as Priests , Prophets, Princes and Soldiers of H.I.M. Haile Selassie I.

Our efforts now should be to establish new relationships to restore and secure our aims and objectives. There are differences but that cannot and should not be allowed to be obstacles toward attaining our Unity in Diversity. The King encourages us to overcome differences in the quest for our goals which in this case are: The Defence and Liberation of Ethiopia from Communism. The Restoration of the Solomonic Dynasty to the throne of Ethiopia, The Legitimization and Recognition of the Rastafarian Movement leading to Repatriation and the Active Participation in a developing Jamaica, these are our lofty causes. Give Thanks. Expecting an early reply to communication.
Enclosed is a memo of the General Council of the I.E.W.F. Inc.

Yours Respectfully,

Barry Morgan

Bro. B. Morgan.
